Where
EARTH, WATER & SPIRIT ALIGN

Along a quiet canal in the lush green valley of Dodamarg, Trayaksh Eco Retreat invites you to rediscover your inner rhythm. Spread across 5 acres of untouched landscape, the retreat is a living ecosystem — designed to nourish, heal, and ground you in nature.

BODY • MIND • EARTH
In Sacred Balance

Trayaksh means “the one with three eyes” — a symbol of expanded perception. Our philosophy aligns Body, Mind, and Earth to create a conscious way of living. Trayaksh EcoRetreat isn't a place you visit — it's a state of being you carry home.

Farm-to-Table Living & Fruit Forest

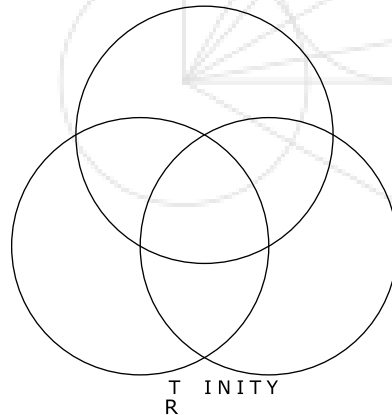

Pure food. Pure soil. Pure living.

At the heart of Trayaksh lies a self-sustaining permaculture farm and a one-acre fruit forest. Every meal is harvested fresh from the land — bananas, papayas, coconuts, leafy greens, and native varieties that celebrate biodiversity. Walk through lush orchards, learn how the ecosystem thrives, and experience food the way nature intended.

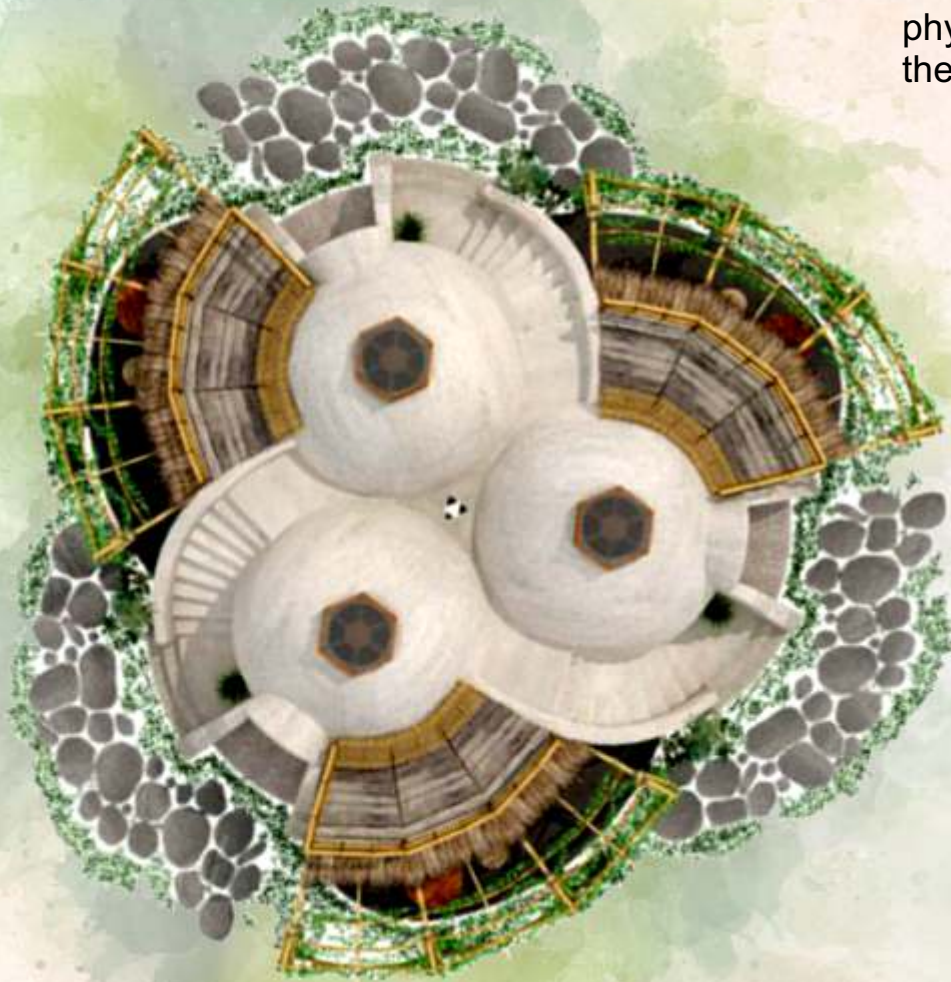

**INSPIRED BY NATURE & DESIGNED ON

Handcrafted. Organic. Deeply Restful.

Stay in one of our four unique earthbag home — structures shaped by the earth itself. Naturally cool in summer and warm in winter, each dome offers a cocoon-like comfort that reconnects you to simplicity and silence.

Here, architecture is not built — it is grown.
